

Thursday 16th April ANSWER

You must find the rule that links the people and their holiday destinations below. Then fill in the blanks (there are several possibilities)

Ben is going to Nigeria for 2 days

Christopher is going to Russia for 3 days

David is going to Denmark for 4 days

Shaun is going to Nepal for 19 days

Rule for the country: **Last letter of the name**

Rule for the time spent there: **Position in alphabet of the first letter of the name**

Mark is going to **Korea** for **13** days

Francis is going to **Senegal** for **6** days

(lots of other possibilities for the country!)
