Dear Parent/Carer

## Daily PE Challenges: Points Mean Prizes

We have had a fantastic level of engagement in the Daily PE Challenges over the past two weeks so please pass on our thanks to your son/daughter for their levels of engagement, the quality of their performances and for taking the time to send in their results.

- Every learner who has completed a challenge and sent their results to me has been rewarded with three house points for each challenge.
- Every learner who has completed a challenge and sent their results to me with video evidence/screen-shot of their results has been rewarded with five house points for each challenge.
- Every learner who has come in the top three in their year group for any of the challenges has been rewarded with an additional ten house points for each challenge.

The learners who have been most engaged and performed the best have managed to secure a serious number of house points each week and these are thoroughly deserved so again, well done.

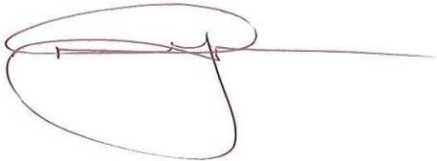

I am contacting you because we have decided that at the end of this week we will identify the top three learners in each year group who have accumulated the most points and reward them with an additional prize to recognise their on-going effort and engagement.

We will contact these learners next Monday to discuss what they would like to choose as their prize.

We truly believe in the value of PE and staying active and healthy is more important now than ever.

Please continue to encourage and support your son/daughter to continue to stay active and healthy during this lockdown, to engage with these challenges and to send in their results.

Kind regards,

A handwritten signature in black ink, appearing to be 'Mr N Morgan', with a long horizontal line extending to the right.

Mr N Morgan  
Head of Physical Education
